

ELEVATE YOUR COMFORT

with Secretlab PlushCell™ Memory Foam

When we set out to create the best performance gaming chairs in the world, we made it our commitment to continually listen to feedback from our community. The Secretlab Premium Footrest you've just unboxed works in tandem with your Secretlab gaming chair, empowering you with even more control over your preferred ergonomics from head to toe.

Soft Velour

- Premium quilted fabric cover for soft breathable comfort
- Durable and shape-retaining for long usage
- Hand-washable for easy maintenance

PlushCell™ Memory Foam (Outer)

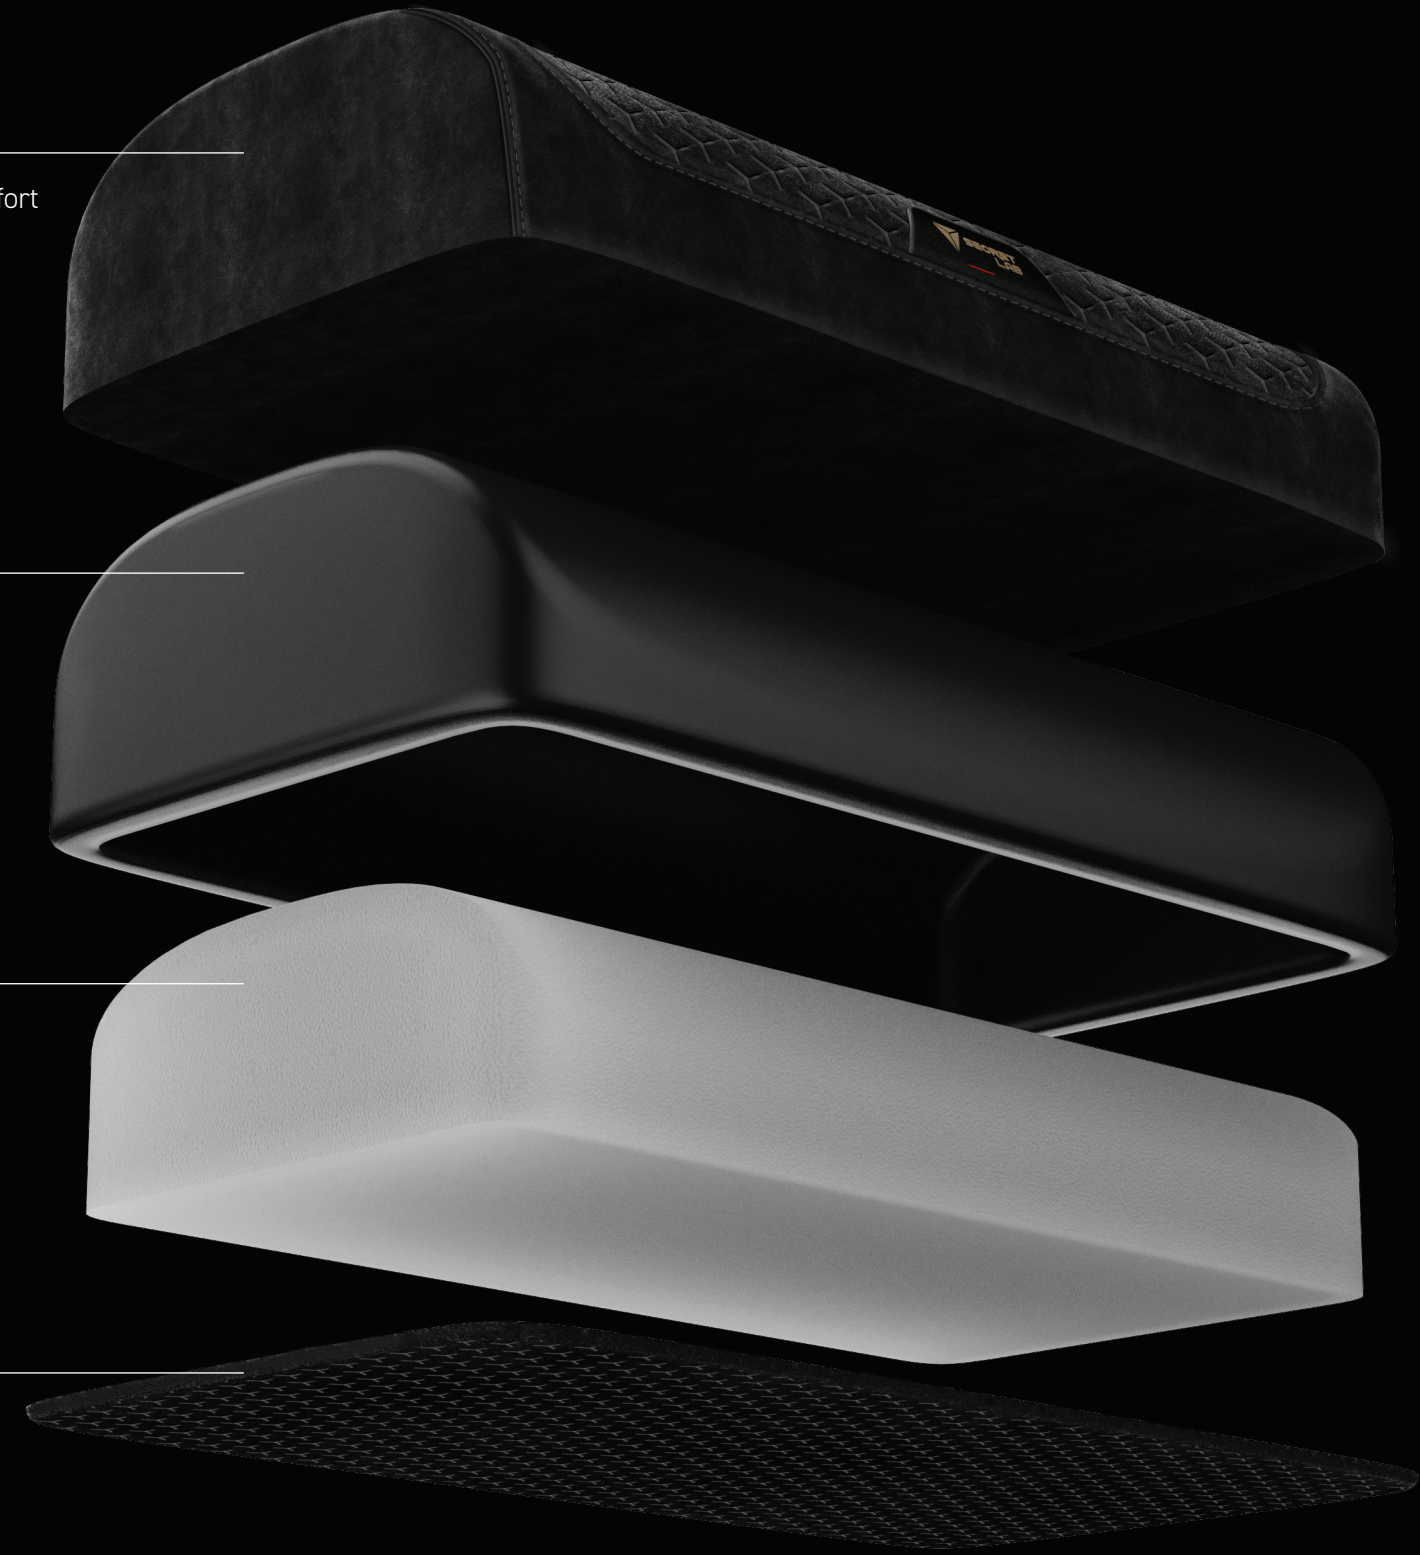

- High-density visco-elastic memory foam
- Soft-to-the-touch comfort

Medium-firm Cold Cure Foam (Inner)

- Specially formulated for even weight distribution and support

Silicone Patterned Base

- Anti-slip for stability

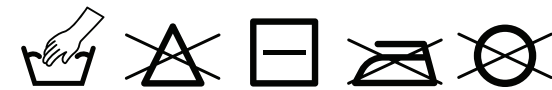

Your Secretlab Plushcell™ Footrest comes with a removable outer cover for easy care and maintenance. For the best care and maintenance, please refer to this Aftercare Guide.

GENERAL CLEANING INSTRUCTIONS

- 1. With a clean dry cloth, dust the outer cover gently. Do not rub the outer cover harshly to avoid damaging it.
- 2. Use a lint roller and gently roll over the outer cover to pick up any lingering debris and dust.

CARE INSTRUCTIONS

- REMOVE COVER FROM PILLOW
- DO NOT DRY CLEAN
- HAND WASH COLD
- DO NOT WRING
- DO NOT BLEACH
- DO NOT TUMBLE DRY
- DRY FLAT
- WASH WITH LIKE COLOURS
- DO NOT IRON
- DO NOT PLACE ON POROUS SURFACES

HAND WASHING INSTRUCTIONS

- 1. Unzip the outer cover and remove the inner foam.
- 2. Examine the outer cover for any stains. If there are stains, dampen a soft, clean cloth with cool water and gently dab at the stain. You should dampen both sides of the stain from both the outside and inside of the outer cover. Do not rub the fabric to avoid damaging it.
- 3. Turn the outer cover inside out.
- 4. Fill a container with cold water and add about 1 tablespoon of gentle-care liquid laundry detergent to the running water. Do not use hot water.
- 5. Soak the outer cover in the water for about 5 to 10 minutes.
- 6. Drain the water from the container and rinse the outer cover in cool water. Rinse until the water runs clear.
- 7. Dab dry the outer cover with a dry towel. Do not wring the outer cover to dry as this will break the fibers.
- 8. Lay the outer cover flat. Allow it to air dry completely. When completely dry, place the inner foam back into the outer cover and zip it up.
